Girls Mic Night is an event created by girls, for girls. Hosted by Jeanette and her Stages, it is designed to be a safe, intimate space for acknowledging our triumphs, longings, struggles, and insecurities within the all female attendance. Girls Mic Night strives to spotlight that we are not alone, and that there is a sisterhood surrounding us always. Part open mic and part interactive show, this event offers a platform to talented local artists and those braving the stage for the first time, as well as a phenomenal experience for all who attend.

Jeanette Brown has been curating events with CG Community Development for over 9 years. Both hold the goal to impact the community through the arts and social entrepreneurship, and to connect, inspire, and educate. The Girls Mic Night has consistently been one of the most popular events of each year. It is an immersive experience that allows creativity for all who attend, and this year will be no exception!
